## OSSTF/FEESO's New YouTube Channel Hosts AMPA Videos

To: District/Bargaining Unit Presidents  
From: Ken Coran, President

### For Information

Among this year's delegates, there has been much positive discussion about the short videos shown at AMPA that were based on the theme: *What the Union Means to Me*.

A number of members submitted proposals in the fall of 2009 and, with the support of the provincial office, seven videos were created. Some focused on our Federation's history while others emphasized the inclusive nature of OSSTF/FEESO. Some of the videographers chose a serious approach while others used humour and song. All demonstrated positive aspects of our union while highlighting the wealth of skill and creativity that can be found within our membership.

We are happy to announce that all seven of these videos have now been posted on OSSTF/FEESO's new YouTube channel. To view them, go to [www.youtube.com/user/OSSTF](http://www.youtube.com/user/OSSTF). We intend on using the channel to host other short videos that we produce in the future and we hope that our members will visit the site regularly.

We are in the process of creating a link between our website and our YouTube channel. For those who wish to access the AMPA videos but do not have a reliable internet connection, we also plan to provide each District with a DVD containing the seven videos. We hope to have this DVD created and delivered to the Districts over the next few weeks.
